

We, are excited to announce the No-Pest Vent is now available in a Powder-Coated Heavy Duty Galvalume Steel vent cover we call the

# METAL Guard

Keeping our exclusive design and superior efficiency in the No-Pest Vent, we are taking this trusted product to the next level with the new **MetalGuard**. Our **Heavy Duty Steel** material offers exceptional resistance to corrosion, weathering, and physical wear, **ensuring long-lasting performance** even in the most extreme conditions.

## Key Features of the MetalGuard Vent Cover:

- **Enhanced Durability:** The galvalume steel provides superior protection against rust and corrosion, significantly extending the vent cover's lifespan.
- **Improved Aesthetics:** The powder-coated **Semi-Gloss** finish not only adds an extra layer of durability but also gives the vent cover a **sleek, modern appearance**.
- **Efficient Design:** The vent cover maintains its renowned efficiency, promoting better airflow and reducing the risk of clogs and blockages.
- **Poly Inner Door Damper:** Equipped with a poly inner door damper, the **MetalGuard** seals the home more effectively than any other vent on the market, providing superior protection against drafts and pests.
- **Most Pest-Proof:** **MetalGuard** is designed to be the most pest-proof vent available, ensuring that homes remain secure from unwanted intrusions **without the need for cages or screens**.

4NPMGO- Onyx	4" MetalGuard No Pipe	Onyx

## Performance Data

### Product Use:

- Dryer Exhaust Termination
- Bathroom Exhaust Termination
- Complies w/ IMC 504.4 & IRC 1502.3

### Materials:

- 22ga Galvalume® Steel Mount
- 28ga Galvalume® Steel Outer Damper
- Polyester TGIC Exterior Powder Coating
- 20% Talc Filled Polypropylene Inner Damper

## General Information

### Benefits:

- Low Profile Design Blends the Termination with the Building
- Semi-Gloss Powder Coating Improves the Aesthetics, Matching the Sheen of Most Siding and Paints.
- Birds and Rodents are unable to get past the dual damper design making a safe and efficient Pest proof design.
- The Dual Damper Seals the Termination Entirely from Back Drafts and Bugs.
- Durable Steel and High-Quality Powder Coating for added protection from elements.
- Easy Maintenance and Cleaning with no disassembly required.

### Features:

- Patented Dual Door Design
- Magnetic Door Retention
